### **L-3 TELEMETRY & RF PRODUCTS SIGNS EDGE CONSULTING TO REPRESENTATIVE CONTRACT**

**San Clemente, CA July 3, 2008** – Edge Consulting and Sales announced today that it agreed to a new contract with L-3 Telemetry & RF Products to represent the group’s extensive telemetry product lines for Northern California, Oregon, and Washington.

“With our 11 years of combined experience in serving L-3, Edge Consulting and Sales is thrilled to have the opportunity to continue supporting L-3’s employees, customers, and technical products,” said Brad Fleury, Edge’s chief marketing strategy officer.

The contract covers L-3 Telemetry & RF Products’ three locations – San Diego, CA.; Bristol, PA; and Spring Valley, CA. Product lines covered will include; space qualified RF systems, airborne data acquisition systems, data links, transmitters and receivers, microwave links, satellite command and control software, ground receivers, and telemetry front-end processing equipment.

“We look forward to working with Edge Consulting, in getting our products and solutions out to our customers.” said Kevin Ireland, Director of global sales for L-3 Telemetry and RF Products.

The products and services offered by L-3 Telemetry & RF Products will mesh well with other principals that are being developed by Edge. More information can be found at [www.edgeconsultingandsales.com](http://www.edgeconsultingandsales.com).
